

THE ENTERPRISE. TO THE WELSH.

WELLINGTON, OHIO.

THE rector of a New York Episcopal church does not think the quality of Sunday school instructions is what it should be. He would like to have his parishioners raise an endowment fund of \$100,000, the income of which shall be used to hire properly qualified teachers.

A NEW and greatly improved style of watertight doors and windows is being introduced into the navy. A strong pneumatic tube fits in a groove around the door or window. When shut this tube is fully inflated by automatic action, and makes the door or window absolutely air and water tight.

A BRIDGE composed wholly of telegraph wire was built over the Jhelum river at Kohala, in the Punjab, in the place of a bridge that was swept away by the floods in 1892. A similar bridge was constructed during the first Sudan campaign over the Kokora river for military purposes.

MELBOURNE has recently had its first taste of snowstorm, and to the great majority of the citizens it was as much of a novelty as an earthquake. The fall was not particularly heavy, but young Melbourne found quite enough snow on the ground to enable it to enter with enthusiasm into the novel sport of snow-balling.

In one way, and that a financial one, the Dreyfus trial at Rennes was a direct benefit to France. All the telegraph and telephone lines in the republic belong to the government, and the great demand for news of the trial increased the receipts from telegrams \$120,000 and from telephone messages \$60,000 while the case was on.

A FRENCH officer, Captain Gerard, has invented an army bicycle which promises to do good service. It folds. At the word of command, the soldier riding the bicycle dismounts, folds the machine in two, whips out the handlebars, attaches two broad straps, slings it over his back and walks off, with no more inconvenience than if he is carrying his pack.

A LARGE paper house, with 10 rooms, has been erected by a Russian nobleman on his country estate in Padolia. It was constructed in New York by an American engineer and cost \$60,000 rubles. Its architect declares that it will last longer than a stone building. To make the triumph for paper more emphatic, the owner has resolved that all the furniture shall be of the same material.

MR. AND MRS. W. K. VANDERBILT, Jr., contemplate an Egyptian outing, for which they have engaged a dahabiah, the most luxurious one obtainable on the Nile. It is a sort of flatboat, with a house at one end and an immense raft at the other. In this picturesque boat, surrounded by half a dozen friends, they will float under a lilac-hued sky to the music of stringed instruments touched by native performers.

THE 50,000 workmen who are engaged in making a living on buildings in New York have not only had steady work for months, but thousands of them have had to work overtime at increased wages. Carpenters get \$4 for eight hours; portable hoisting engineers, \$4.50 for eight hours, and lately a number of contractors who have rush jobs offered as much as \$1 an hour for first-class bricklayers, and had hard work to get as many men as they wished, even at this price.

In the great New York March blizzard of 1887 Henry O'Donnell had his feet frozen so badly that both were amputated. Until a few weeks ago he walked on crutches. Then he had a pair of artificial feet made, but his clumsiness with them caused his friends to laugh. Mr. O'Donnell at once offered to bet that he could walk 1,000 miles with them. A heavy wager was laid and O'Donnell is now on his way, having reached Baltimore. He bets he can walk to New Orleans, 1,200 miles, in five months.

AFRICA has now nearly 10,000 miles of railway and offers an unlimited field for extensions. The dream of a great line extending the whole length of the country from Cairo to Cape Town, some 3,500 miles, seems likely to be realized early in the new century. On the north end about 1,100 miles are in operation, and on the south about 1,400 miles, leaving something like 2,500 miles yet to be built through the Dark Continent, which locomotive headlights will ere long illuminate.

CONSUL DUDLEY, of Vancouver, informs the state department that the telegraph line from Skaguay to Dawson was completed September 23, and is now in operation. The nearest point to Skaguay reached by telegraph from the south is Cumberland or Comax, B. C. Arrangements have been made for steamers to call at Comax to deliver messages from Skaguay, and on their north-bound trips messages to be delivered at Skaguay. Messages can now reach Dawson within about two and one-half days from Washington.

LEGENDS in India run that if a woman stricken with leprosy suffers herself to be buried alive the disease will not descend to her children. There was in the northwest provinces of India the wife of a gardener on whom the loathsome malady had fallen. Children were born to her. The disease grew worse. She importuned her husband to bury her alive. He, at last, yielding to her prayers, summoned his son. The two dug the grave, and four neighbors assisted at the sepulture. So the woman died. These facts were investigated in a magistrate's court and were proved.

An Address Issued by Judge Nash's Neighbors.

He Has Lived for Years in the Welsh Ward of the Capital City—Cambro-Americans Express Their High Appreciation of Him.

The following address to the Welsh citizens of Ohio has been issued by the Cambro-Americans of Columbus, who are the neighbors and to a man the friends and admirers of Judge George K. Nash, the republican candidate for governor. It is in full as follows: The Welsh-American residents of Columbus, through the Cambro-American republican club, send greetings to their Cambrian brothers throughout Ohio and ask their earnest attention to the following brief statement: It is hardly necessary to particularize the reasons which make the approaching election in Ohio one of national importance. Welshmen in America stand for all that is good, all that is pure and honest and progressive in national life and prosperity for the whole people. Deeply sensible of the obligations of government and no less conscious of the great responsibilities resting upon the people, they are uniformly found working in the way which ultimately leads to the just and proper solution of all the great questions. They have uniformly been found working in the ranks of the republican party, experience having justified their faith that through its principles and by its deeds it has given

REPUBLICAN PROSPERITY.

"What's that; a fire?"
"No. Mills and factories working nights."

an ample proof that in its success lies the greatest good to the greatest number.

It is unnecessary to emphasize the fact that Judge George K. Nash is one of the purest and ablest exponents of the principles of the republican party. He is well known to you in every part of the state as a lawyer, soldier, jurist and statesman, but we of Columbus desire to present him to you as the MAN; to recommend him to your consideration as our friend, our neighbor and our brother.

Living in the Tenth ward of Columbus, wherein resides the majority of our Cambro-American population, we feel that we know him better in his home life than do those in other parts of Ohio. No kinder-hearted man ever lived than Judge Nash, and his friendship, once merited and bestowed, is never recalled. He is known and loved by all. In the educational and legislative councils of our city the Welsh have their representatives selected from the Tenth ward, the home of Judge Nash, who has always been foremost in advocating our recognition, and has always contributed of his time, influence and money to assist us in obtaining the desired end.

He is always found at our polls, working side by side with the Welsh boys, seeking in every honorable way to insure the success of the right, as represented by the republican party and its nominees. To all the various functions of the Welsh—religious, social and musical—he is a liberal contributor and a warm supporter.

Knowing him as we do and loving him for his many good qualities of heart and mind, we feel that we are but doing our duty in calling upon the Welsh citizens of Ohio to not only do their duty—for we know that they will do that—but to see that they perform their full duty, by working for the success of righteousness and sincerity, of truth and justice, for the hearth and the hearthstone, by enlisting the support of their friends for our loved friend and neighbor, George K. Nash, who, by his purity of character and his spotless home life, solicits and commands the respect and support of every father and brother—of all men who believe in safeguarding the purity of home life and in upholding the grandeur of American manhood.

McLEAN AND TRUSTS.

Record of the Democratic Party Concerning Combinations of Capital—The Only Law Passed by Congress Against Trusts is the Sherman Law. The McLean crowd is endeavoring to fool the voters on the subject of trusts. No voter can be misled if he will recall the facts of the case.

The first platform utterance against trusts was made by the republican national convention at Minneapolis in 1890.

The first and the only law passed by congress on the subject is the Sher-

man anti-trust law, enacted by republicans in fulfillment of the pledge in that platform.

All the prosecutions under that law were brought by republican officials. Not a single case was prosecuted during the four years of democratic administration under Cleveland.

The anti-trust law of Ohio was passed by the Seventy-third general assembly, which had a republican majority. It was the same legislature which elected Mr. Hanna to the United States senate.

All the prosecutions under that law have been brought by a republican official.

The democratic party has done nothing but declaim against trust. It did not take this position in its national platform until after the republican pronouncement at Minneapolis.

The democrats elected a president and obtained control of both branches of congress in 1892. They had it in their power to pass any anti-trust legislation they chose. But they did nothing. They did not even amend the Sherman anti-trust law, a republican measure, thereby admitting that they could not improve it. Their attorney general allowed that law to remain a dead letter, by not acting under it in a single case. During the four years of democratic control not a single prosecution was begun.

It certainly takes gall for the Ohio democratic machine to declare that the republicans are in favor of trusts in the face of the above record, and considering McLean's record.

He is himself the principal stockholder in a very profitable monopoly, which has all the essential features of a trust. It is the Washington Gas

man anti-trust law, enacted by republicans in fulfillment of the pledge in that platform.

"I feel it my duty to write and let you know what your medicine, '5 Drops,' has done for me. I have had rheumatism about 18 years, but was able to be up most of the time, until a year ago last May, when I was taken down and not able to move about.

About six weeks ago I saw your advertisement and wrote for a sample bottle. After taking a few doses, it did me so much good that I ordered some more for myself and friends and in every case it has done wonders and given perfect satisfaction.

Dr. Woodliff, my family physician, who has had rheumatism 15 years, is taking '5 Drops,' and says it is the most efficient rheumatic medicine he has ever used. May 31, 1898.

The above refers to '5 Drops,' a perfect cure for rheumatism, kidney and all kindred complaints. The proprietors, Swanson Rheumatic Co., 164 Lake St., Chicago, offer to send a 25c. sample bottle for only 10c. during the next 30 days. Be sure to read their advertisement of last week.

Wanted to inform you, in words of highest praise, of the benefits I have derived from Ripans Tablets. I am a professional nurse and in this profession a clear head is always needed. Ripans Tablets do it. After one of my cases I found myself completely renewed. As soon as the advice of Dr. Geo. W. Bowser, Ph. D., 28 Newark Ave., Jersey City, I took Ripans Tablets with grand results. Miss Emma Wrenn.

My wife was troubled with heartburn and sleeplessness, caused by indigestion, for a good many years. One day I found a testimonial in the paper endorsing Ripans Tablets. She determined to give them a trial, and was greatly relieved by their use and a new takes the Tablets regularly. She keeps a few cartons Ripans Tablets in the house and says she will not be without them. The heartburn and sleeplessness have disappeared with the indigestion which was formerly so great a burden for her. Our whole family take the Tablets regularly, especially after a hearty meal. My mother is fifty years of age and is enjoying the best of health and spirits; also our heavy meals, an impossibility before she took Ripans Tablets. ARTHUR H. BARTON.

Reading some of the testimonials in favor of Ripans Tablets, I tried them. Ripans Tablets not only relieved me actually cured my youngest, the headache has disappeared, bowels are in good condition and he never complains of his stomach. He is now a red, chubby-faced boy. This wonderful change I attribute to Ripans Tablets. I am satisfied that they will benefit any one from the cradle to old age if taken according to directions. E. W. FRANK.

Too Late.
A horseman burst into the prison yard.

"Reprieved!" he shouted, and waved a paper aloft.

"Too late," replied the warden, sadly. "Is the man hanged already?" "No; but he has eaten the hearty breakfast of ham and eggs, coffee and potatoes. Executive clemency was all right in its place, but it could not be suffered to interfere with the conventional course of events. Yes, the horseman's steed was undeniably foaming, but even that availed little or nothing under the circumstances.—Detroit Journal.
